

**Accelerate your career with a pathway program specifically designed to take you from student to a professional pilot at Allegiant Air.**

**This program will guide you through each step of the process and prepare you to enter the aviation industry with a leading carrier.**

## **Qualifications**

Applicants must be enrolled through an affiliated Accelerate partner institution.

- **Eligible for either a restricted or unrestricted ATP**
- **At least 19 years old**
- **Possess a Private Pilot Certificate with Instrument Rating**
- **No drug or alcohol related criminal offenses**

\*Other requirements as mandated by the FAA

## **Your Pathway to Allegiant**

The route to an Allegiant flight deck has never been easier. Accelerate offers a direct pathway to your future career as an Allegiant Pilot.

- 1) **Application**
- 2) **Interview**
- 3) **Professional Development**
- 4) **Pilot Mentorship**
- 5) **ATP-CTP Sponsored Training**
- 6) **First Officer Training**

Allegiant flights are point-to-point... no layovers, no connecting flights, and no congested hubs. It also means our aircraft and crew end most days back at their base. The route network is developed so that there are rare multi-day trips and minimal overnights away from your assigned base.
